| 6. Description               | Air Flor is the ideal deodorant in all those places where an air cleaning is essential. Its double action acts on the molecules of bad odors neutralizing them and in a few moments gently smells the air.             |                             |
|                              |                                                                                                                                                                                                                        |                             |
| 7. Mode of use               | Before charging, make sure the timer switch is in the OFF position. Insert the cylinder inside the dispensing device. Place the ignition switch on ON. Within a few seconds the first automatic dispensing will occur. |                             |
