| <b>6. Description</b>               | PULISVELT Refreshes, renews, completes the fabrics thanks to its exclusive anti-twist formula and facilitates the ironing of all garments, including colored ones. Its special formula allows you to stretch better easily eliminating wrinkles and folds, returns the texture and freshness of the new fabrics leaving a fresh and persistent scent. |                  |                             |
| <b>7. Mode of use</b>               | Shake well before use. Tilt the cylinder slightly, spray the garment evenly from a distance of about 20cm and iron immediately. If the valve button closes, remove it and wash it under running water.                                                                                                                                                |                  |                             |
| <b>8.
