| <b>6. Description</b>               | Pulisvelt ANTI-STATIC DUST CATCHER is the fastest and most effective solution to remove dust from all domestic surfaces without dispersing it into the air. Thanks to its antistatic formula prevents the fall of dust on the surfaces for several days. |                                   |                                  |
| <b>7. Mode of use</b>               | Spray the product on a soft cloth from a distance of about 15cm and then dust. For cleaning any floor spray on the fringe/mop broom or on a soft cloth wrapped in a broom, then pass over the surface.                                                   |                                   |                                  |
